ACCOUNTING 202, Managerial Accounting

Winter Semester (Jan. 9th, 2001 through Apr. 27th, 2001)

Instructor: *Ken Hart, CPA, CMA* **Office:** *486 Smith Building.*
Phone: *Ext. 1485* **Office Hours:** 9 a.m. daily.
E-mail: *hartk@ricks.edu* ~~A~~lso Tues. and Thurs. at 1 p.m.

Required Text: Managerial Accounting (9th Edition) by Ray H. Garrison and Eric Noreen, © 2000 by Richard D. Irwin, Inc.

Prerequisites: *Accounting 201.*

Course Description and Objectives: Managerial Accounting is structured to build on the financial accounting concepts covered in Accounting 201. Its central objective is to introduce concepts and procedures of managerial accounting through a combination of reading assignments, class discussions, lectures, and outside problem assignments. The course emphasizes the use of accounting data in the decision-making process, and seeks to sharpen the students' analytical and interpretative skills through exposure to many business situations in which accounting data are needed and used by the manager. The course covers product costing, cost behavior, segmented reporting for management, profit planning, standard costing, alternate-choice decision making, capital budgeting, statement of cash flows, and statement analysis.

Course Routine: Students are expected to study and complete the homework before class. We will spend the class period demonstrating accounting concepts as well as going over the homework. Be careful not to fall behind in your work.

Ricks College Code of Honor: All students must fulfill their commitment to abide by the Code of Honor, including complete honesty in the course and having an appearance which follows the college's standards of dress and grooming. Cheating on an exam or quiz would result in an "F" as a student's final grade in the course. **Sharing information about exams or quizzes after one has taken the quiz or exam is considered cheating.** Studying together and getting help on homework (other than straight copying) is fair and encouraged.

Evaluation: There will generally be a quiz or exam at the end of each chapter. A student's final letter grade will be based on quizzes, exams, homework, and attendance.

To receive an:	Minimum percentage		To receive a:	Minimum Percentage
A	93%		C	70%
A-	90%		C-	65%
B+	87%		D+	60%
B	83%		D	55%
B-	80%		D-	50%
C+	75%		F	below 50%

The breakdown of possible points follows:

		% of Total
Three exams (100 points each)	300	43%
Homework (approximately)	110	15%
Quizzes (9 at 10 points each)	90	13%
Final Exam	200	29%
Attendance (see note below)		
Total Points	700	100%

Attendance - Attendance is required. Each student is allowed one absence and one tardy without any penalty. **After that each absence will be penalized 3 points and each tardy 1 point.** However, there is no penalty for absences due to sickness or official school business **if** the teacher has been notified **before** class starts. One can do this by

phoning extension **1485** and leaving a message. The message should include your name, why you are absent, and your phone number. Leaving class early is considered the same as being tardy. Absences due to some personal circumstances may also be excused, but one would need to check with the teacher beforehand.

Quizzes - You cannot make up a quiz (even for sickness), however, **your lowest quiz score will automatically be dropped.** If a quiz is to be missed due to school business, it can be taken early (but never late).

Exams - All exams and quizzes will be given in the testing center. On Monday through Friday the Test Center is open from 8 a.m. to 10 p.m. with the last quiz given out at 9 p.m. On Saturdays the Test Center is open from 10 a.m. to 4 p.m. with the last quiz going out at 3 p.m. There are no grade improvement projects available. If you have a bad exam you need to do better on the others to get a good grade. Any exam missed would need to be made up immediately and could be subject to a point penalty. **The Final Exam Schedule is shown in the box at the top of the next page.**

Final Exam: The final exam covers chapters 1 through 12.

For the 11 a.m. class the final is on Thursday, April 26th in Smith 404 from 2:10 to 3:40 p.m.

For the 1 p.m. class the final is on Friday, April 27th in Smith 404 from 10:50 a.m. to 12:20 p.m.

For the 2 p.m. class the final is on Friday, April 27th, in Smith 404 from 2:10 to 3:40 p.m.

Homework - Assignments are due at the beginning of class. Half credit for homework not more than a week late can be received by checking with the instructor to see which problems need to be completed. If homework is late due to illness, full credit can still be earned. To receive credit for late homework (even that due to illness) you must bring it in to the instructor's office and check it yourself against the answer book. Assignments that need to be typed will be graded on both accounting correctness and English (grammar and spelling). A Team is a group of people committed to magnifying the sum of their capabilities by working together toward common goals. Assignments done as a team should be better than what any one member of the team could have done on his own. Bonus homework points can be obtained by writing a summary of the Business Division's Symposiums which would include the following:

(1) A statement that you attended or watched the speech on video.
(2) How did this presentation benefit you?(Don't just repeat what was said)
(3) How could the speaker improve his presentation?

This should be typed (a half page or less) and have good grammar and spelling. This could also be done for one of the Business Summit presentations. These would be due within one week after the presentation and might (depending on grammar and spelling) earn you one point each.

Accounting Lab - Tutoring is available in Smith 383 on Mondays and Fridays from 4 to 6 p.m. On Tuesdays, Wednesdays, and Thursdays the Lab is open from 4 to 7 p.m. This is a great place to work on one's homework and obtain help if needed.

Disability - Students with a disability may be entitled to special consideration. It is the student's responsibility to talk to the teacher about this matter during the first five days of class.

Schedule: The following represents a tentative schedule for this course.The instructor reserves the right to make changes. If any changes are made they will be announced in class.

Assignment Due Date:	Quiz or Exam Dates and Topics.	Homework due	Total Possible	Points Earned
